Wake up, you're a drama queen
Carry on like you're supposed to be
Get away, hurry up, come on
Get away

How long have you been in your bedroom?
It's been three days straight
With your sheets and your pillows
The crack on the walls
A reminder of my father and all his integrity

I know that I shouldn't let it get to me
(But it does, and who am I kidding?)
A dead end job and a lack of family
This town gets to me

Wake up, you're a drama queen
Carry on like you're supposed to be
Get away, hurry up, come on
Get away, gotta get up and go
Break out from the drama scene
Stick around
It'll bury me
Get away, hurry up, come on
This is becoming a catastrophe

I've made up my mind
Took time to think of everything I could do
It may be hard, but I'm trying hard to comprehend
Where I quit and where I should begin

I know that I shouldn't let it get to me
(But it does, and who am I kidding?)

A dead end job and a lack of family
This town gets to me

Wake up, you're a drama queen
Carry on like you're supposed to be
Get away, hurry up, come on
Get away, gotta get up and go
Break out from the drama scene

Stick around
It'll bury me
Get away, hurry up, come on
This is becoming a catastrophe
This is becoming a catastrophe

You're a fake
A product of a world
Who I've always mistaken
To come and remain

I know that I shouldn't let it get to me
(But it does, and who am I kidding?)

Wake up, you're a drama queen
Carry on like you're supposed to be
Get away, hurry up, come on
Get away, gotta get up and go
Break out from the drama scene
Stick around
It'll bury me
Get away, hurry up, come on
This is becoming a catastrophe

You're a fake
A product of a world
Who I've always mistaken
To come and remain
