Everybody hurts every once in a while  
And everybody loses sleep with a broken heart  
Good things come and go but kid you'll learn how to  
cope  
When something feels right, be ready to let it go

I remember hurting her and her hurting me  
I remember losing sleep, she was haunting my dreams  
It's alright, chin up kid, it'll all be fine  
There's not a wound in this world that won't heal with  
time

You're just a boy  
She's just a girl  
You'll break her heart  
She'll wreck your world  
But life goes on, the ending's the starting line  
Chin up, press on, you will survive  
Young love that lasts is hard to find  
So chin up, press on, you will survive

Gotta learn to be OK with being alone  
You gotta learn to love yourself before you love  
someone else  
It's hard to be patient  
While she's keeping you waiting

I remember loving her, her not loving me  
And I remember losing sleep, she was haunting my  
dreams  
And it's alright, chin up kid, it'll all be fine  
There's not a wound in this world that won't heal with  
time

You're just a boy  
She's just a girl  
You'll break her heart  
She'll wreck your world  
But life goes on, the ending's the starting line  
Chin up, press on, you will survive  
Young love that lasts is hard to find

So chin up, press on, you will survive

Woah oh oh, woah oh oh, woah  
(Woah oh oh, woah oh oh, woah)  
Woah oh oh, woah oh oh, woah  
(Woah oh oh, woah oh oh, woah...)

And everything will be alright  
And everything will be just fine  
And everything will be alright  
Yeah!

You're just a boy  
She's just a girl  
You'll break her heart  
She'll wreck your world  
But life goes on, the ending's the starting line  
Chin up, press on, you will survive  
Young love that lasts is hard to find  
So chin up, press on, you will survive

Life goes on, the ending's the starting line  
Chin up, press on, you will survive  
Young love that lasts is hard to find  
So chin up, press on, you will survive

You will survive!
