Visit "[Robots & Aliens](#)" on MotoLyrics.com

Just like summer's after spring
You'll be there for me
Just like my favorite song
I'll put you on repeat

Just like the air I breathe
You are my everything
You are my everything

Oh, oh, here we go
I've never been loved like this before
Oh, oh, here we go, here we go

When you come around, come around
I'll be waiting for you
I just wanna make you
I just wanna make you mine

It's alright, you can take
All the time that you like
I just wanna make you
I just wanna make you mine

A beautiful mystery
You keep me guessing
You're just like gravity
You keep me on my feet

Just like my next heart beat
You'll be waiting for me
Yeah, yeah, yeah

Oh, oh, here we go
I've never been loved like this before
Oh, oh, here we go, here we go

When you come around, come around
I'll be waiting for you
I just wanna make you
I just wanna make you mine

It's alright, you can take

All the time that you like
I just wanna make you
I just wanna make you mine

When you come around, come around
I'll be waiting for you
I just wanna make you
I just wanna make you mine

It's alright, you can take
All the time that you like
I just wanna make you
I just wanna make you mine

When you come around, come around
I'll be waiting for you
I just wanna make you
I just wanna make you mine

It's alright, you can take
All the time that you like
I just wanna make you
I just wanna make you mine

When you come around, come around
I'll be waiting for you
I just wanna make you
I just wanna make you mine

It's alright, you can take
All the time that you like
I just wanna make you
I just wanna make you mine

I just wanna make you mine
I just wanna make you mine
I just wanna make you mine
I just wanna make you
