I candy coat and cover everything that I'm still hiding
underneath

It's been a long time, it's been a long time

A thousand faces looking up at me

Hands are pointing to the ceiling, oh what a feeling

I've got friends in highly low places

I'll stand up push it and push it up, can't afford to lose
now

I've got friends in highly low places

I'll go inside when I wanna party, grab a girl and dance

Whoa oh, whoa, whoa oh

Why do I put myself in these situations?

Whoa oh, whoa, whoa oh

I keep pushing myself even though I can't take it at all,
oh

Girl, who taught you how to move like that?

At this pace you're at you're going way too fast

I, I saw you from across the room

It's me versus every guy, it's your choice, you choose

I've got friends in highly low places

It's been a long time, it's been a long time

And maybe baby

You can rise above the rest and meet me, yeah

Whoa oh, whoa, whoa oh

Why do I put myself in these situations?

Whoa oh, whoa, whoa oh

I keep pushing myself even though I can't take it at all

Whoa oh, whoa, whoa oh

Why do I put myself in these situations?

Whoa oh, whoa, whoa oh

I keep pushing myself even though I can't take it at all

You're worth losing my self-esteem

Your clever words mean nothing more to me

Than a lot I've heard in a movie

You're worth losing my, losing my, losing my self-

esteem

You're not worth putting myself in these situations

Whoa oh, whoa, whoa oh

Why do I put myself in these situations?

Whoa oh, whoa, whoa oh

I keep pushing myself even though I can't take it at all

Whoa oh, whoa, whoa oh

Why do I put myself in these situations?

Whoa oh, whoa, whoa oh

I keep pushing myself even though I can't take it at all
