Follow demons where he goes.  
We know the stories, they know where you are hiding.  
So take another hit to stay alive.  
By all means, gratified.  
God I hope you're satisfied.  
Follow him wherever he goes.  
WOOAAHH...  
How did you end up here?  
There's no knowing what this would have become if you  
hadn't run, if you hadn't run.  
Remember when we tried for better?  
They know where you are hiding.  
So take another hit to stay alive.  
By all means, gratified.  
I fucking hope you're satisfied.  
Don't fight as it's pulling you under, killing you killing  
you.  
You know your demons are here to stay.  
You cast the final stone.  
Just hope your fate won't find you, you think you know  
the world so well.  
Take my word, you're living with demons, forever they  
sleep in your skull.  
You can't stop it now by the likes of you, take my word.
