It's looking like you've been shown.  
Deception in brick and stone.  
They will buy your beliefs, they will buy your beliefs.  
Know that the truth is yours, it's your own...  
But it won't save you when you die.  
So take your sides, defend the fiction.  
Break the ties, defend the fiction.  
Shatter the stone, it won't save you now.  
We trace distorted lines.  
We trace the lines; the so-called justified are the  
damned that starve for light.  
We trace distorted lines.  
We trace the lines; the so-called justified will defend  
the fiction.  
So take your sides, defend the fiction.  
Break the ties, defend the fiction.  
But it won't save you when you die.
