These conferred thoughts  
Dwell on the past  
Sometimes it's all we've got  
To take being optimized  
Well cross, I surrender

Charged through the past  
This may be your last chance  
To walk amongst the ones that hide beneath the soul  
And it's becoming hard to see  
The light that's fading  
Become what you want to be  
This is what you wanted

Shattered to pieces  
The leaves turned to ashes  
We're all still living, we're all still living  
And it's the end of the world  
It's the end of the world that I know

You can't see, so I'll help you see  
Everything that you know is everything you want now  
It comes to an end here, It comes to an end here  
Everything you want now is everything you know  
It's history in your memory

And it's becoming hard to see  
The light that's fading  
Become what you want to be  
This is what you wanted

Shattered to pieces  
The leaves turned to ashes  
We're all still living, we're all still living  
And it's the end of the world  
It's the end of the world that I know

It's all you know!  
It's all you know...  
All you know

Shattered to pieces  
The leaves turned to ashes  
We're all still living, we're all still living  
And it's the end of the world  
It's the end of the world that I know

Shattered to pieces (x7)
