Oh my God, Theres no getting away from this.
Take, take, take my trust, my hope, and so whats left of
me?
Im calling for help; concerned with my health.
Confide in what you will, am I awake?
The night keeps only what it can take, and Im wasting
away.
If I can, I will hold on to these pieces, recover, and light
the way.

Medicine, increase your dose.
Were breathing the oxygen; foreign and cold.
This night is long. Wont you stand up, be strong?
Well find a way, well find a way.
So wont you tell me that everything is going to be fine?
Tell me that youre holding on
Just tell me lies, am I awake?
The night keeps only what it can take, and Im wasting
away.
If I can, I will hold on to these pieces, recover, and light
the way.
Wind like fire, over and over. Can I find hope when I
stand alone?
