Good morning,
Sunshine
Open your eyes
No, she's not here
But you're alright
The pain in my skull
And the snow keep me cold
Thoughts of those arms of his
Keeping you warm

It's only two days into the New Year
And already it's worst than the last
I'd do anything (I'd do anything)
That you'd ask (That you'd ask)

And I'm screaming,
Agony, agony
Whoa, oh
Yes, I'm screaming agony

She's the only rose that blooms
All year round
And all I can do for myself
Is remember her eyes
And rue (I will try)

And maybe it's the alcohol talking
When I say I miss you
But yours was sure working
When he started to kiss you
It didn't stop there, we both know (It didn't stop there
we both know)
It never stops there, we both
Know

And I'm screaming,
Agony, agony
Whoa, oh
Yes, I'm screaming agony, agony

It's his eyes, it's his touch
That is keeping her

Far out of reach
But then again,
It's my words, it's my failure
To love
That pushed her away
To him

It's his eyes, it's his touch
That is keeping her
Far out of reach
But then again,
Then again,
It's my words, it's my failure
To love
That pushed her away
To him
And she called me the best of her
Friends...

And I'm screaming,
Agony, agony
Oh, oh
Yes, I'm screaming agony, agony
Oh, oh (She's the only rose that blooms)
And I'm screaming,
Agony, agony (All year round)
Oh, oh (She's the only rose that blooms)
And I'm screaming,
Agony
