She'll wear you out  
She'll wear you out  
She'll wear you out  
She'll wear you out

She's been on this ride  
A million times before  
It's all routine now (all routine now)  
I'm shaking,  
Is this one for sure?

It's just not right to say  
Goodbye  
To you  
It's just not right to stay

Where you go  
Where you go  
Tell me where you go  
Yeah

She's all about  
A quick fix  
Stealing the heart of the crowd  
She laughs  
Too loud  
But that's not all she can do  
With her mouth

I've been down this road  
A million times before  
I'll be around (I'll be around)  
If she's back in town  
I'm making sure

Whoa  
It's just not right to say  
Oh, it's just not right to say  
Goodbye  
To you  
It's just not right say

She's been on this ride  
A millions times  
Before  
Yeah

Where you go  
Where you go  
Tell me where you...  
Go

"Fight it," they said,  
And I did (x3)  
"Fight it"  
Dance my puppets, dance  
"Fight it," they said,  
And I did (x4)  
"Fight it," they said, (She's been on this ride)  
And I did  
"Fight it," they said, (A million times before)  
And I did  
"Fight it," they said, (She's been on this ride)  
And I did  
"Fight it," they said, (A million times)  
And I did  
"Fight it," they said, (She'll wear you out)  
And I did (x4)
