Wash your hands from all those men
Who've placed their hands on you.
Bite your tongue for all those words
That seem to be put on you.

This is a miracle
This is
(Don't don't give it up,
Don't don't give it up)
This is a miracle
This is
(Don't don't give it up,
Don't don't)

I hope your heart can take it easy
Oh my god you're too damn pretty
Just take your time with it baby

I hope your heart can take it easy
Oh my god you're too damn pretty
Just take your time with it baby

Every word I thought you'd ever say
Would mean absolutely nothing to me
This is how it must be.
Simplistic scenery with old fashioned chivalry

This is a miracle
This is
(Don't don't give it up,
Don't don't give it up)
This is a miracle
This is
(Don't don't give it up,
Don't don't)

I hope your heart can take it easy
Oh my god you're too damn pretty
Just take your time with it baby

I hope your heart can take it easy
Oh my god you're too damn pretty

Just take your time with it baby
Just take your time with it baby
Just take your time with it baby

So before you go,
Kiss the hands and lips of every boy you know
(You are on your own,
You are on your own,
You are, you are)
So before you go,
Kiss the hands and lips of every boy you know
(You are on your own,
You are on your own,
You are, you are)
