(Go ahead and take a step back)
This is the part where we can't react to words
But sure, of course we could if only we would
So hopeless, thoughtless, and seventeen
All of our hopes and dreams will mean everything to
me

Fate will just sit back and laugh
Behind these boys and girls backs
Love is a risk and that's a fact
But I'm up to that

I think I would really like to get to know you
But I don't think I'd want to

(Go ahead and take a step back)
And look at this place
It just brings back memories of how we used to be
We were so unique, at least that's what I think
With one-night stands and pulling all-nighters
We'll use our youth to become so much livelier
With our youth we somehow become brave

Fate will just sit back and laugh
Behind these boys and girls backs
Love is a risk and that's a fact
But I'm up to that

I think I would really like to get to know you
But I don't think I'd want to

I think I would really like to get to know you
As a matter of fact I think I'd love to
