I'll classify  
Every word out of your lips as a lie  
Until you're lying beneath the dirt and the soil  
Hailed as the king of deceivers and cheats

You've got a lot to learn  
More best friends to burn  
More malignant lies to conjure

I'm down and out  
For now, but until the day you die  
I will haunt your dreams

When you decide  
To paint your white picket fence  
Be sure to use the purest his money can buy  
With every stroke, brush over the past  
And smother the true grain of your tainted life

You've got more guts to churn  
An eternity to burn  
You're about as innocent as cancer

I'm down and out  
For now, but till the day you die  
I will haunt your dreams

I hope your breathing doesn't come easy  
I pray to God I'm all you dream  
I hope feel me touch  
Hear my voice  
Taste my lips  
With ever sip of noise  
Save your tears  
Don't apologize  
All you'll hear is  
Goodbye

Until you're a memory  
You're a memory  
Until you're a memory  
You're a memory
