Many countries I have crossed  
And many rumors I've heard  
All about me, they were talking  
Was that truth or stupid lies

Hidden in my evil beauty  
They say i have no feelings  
But a coldness in my eyes

Beyond the seas, when my name is heard  
Valorous warriors tremble in fear  
No one would dare to defy me  
Cause I was part of all the wars

In every path that I followed  
Everyone avoid and fear my name  
But since our glances crossed

But you're still unaware

I sell my soul to have you by my side  
To fill the emptiness of a lonely life  
I sell my soul 'cause no more i want to hide

The abyss where i was born  
I chose you among the mortals  
Cause you had the courage to face me

For you I'd be ready to learn  
How to trust and how to love  
For years I lived like an animal  
No one to take care of me

For a long time I've waited this day  
My spell has worked so well  
I'll lose powers but you'll be mine  
Together we will reach the light

But you're still unaware

I sell my soul...
