It's the American in me that makes me watch the blood
running out of the bullet hole in his head
It's the American in me that makes me watch TV,
see it on the news this is what the man said he said

Ask not what you can do for your country
What your country been doin' to you?
Ask not what you can do for your country
What your country been doin' to you?

It's the American in me says it's a (??? tie ??)
in a war that (????) politicians lies
It's the American in me that makes me watch TV
and see it (on the unplugged people everyday???)
(????)

Ask not what you can do for your country
What your country been doin' to you?
Ask not what you can do for your country
What your country been doin' to you?

In the USA! In the USA! In the USA!

It's the American in me that makes me watch the blood
running out of the bullet hole in his head
It's the American in me that makes me that
never wonders why Kennedy was murdered by the FBI!
He says

Ask not what you can do for your country
What your country been doin' to you?
Ask not what you can do for your country
What your country been doin' to you?
Ask not what you can do for your country
What your country been doin' to you?
Ask not what you can do for your country
What your country been doin' to you?
