It feels like youve been asleep for days the television is
on, i can't stay awake I'll fall down, again and when
your friends
Leave, oh they get gone it's such a pet peeve when you
prove me wrong I'll fall down and we all fall down i
need to get back
To tempe, it's been two years since ive been here
before back down to the streets that lead me the ones
that keep me, away
From glendale o-o-open your eyes and let me in i swore
to god I'd never swear again and we all fall down yeah
we all fall
Down again
