Thock layer of lunacy  
Riveted to my consciousness  
Stained my judgement paralyzed  
My brain handcuffed, I just stare  
At the white scenery of my  
Prison cell, I shake as the pressure  
Builds up in my head!  
I scream, so these walls  
Can remember my name  
This time I need to stay awake  
This time I must not forget, who I am  
Another dose  
Another handful of pills  
Handful of dreams  
I'll be torn apart  
When the air starts to taste  
Strange and damp 10 years have  
Passed, 10 years lost in a maze  
You've designed in my mind  
Now I'm immune to the "cure"  
Reality slowly leaks in my mind  
I was caught up in this twisted game  
Now I'm back from being insane  
The stains are all washed away  
I'll revenge for every single day.
