

Forlorn

Watching the towers crumble
Pillars of strength ripped away
Corpses litter the ground
That was once held holy
Only emotions cast aside
Corpses leaving me lonely
Reflecting the hatred
Cast in the pools of blood
An endless battlefield
Tombs of the loved
Screaming for direction
In all of the perplexity
Forms of distrust everywhere
Infecting my reality
Watching the temples burn
Foundations that won't hold fire
(smoke) Confusing all senses
But the victim
Of the liar
Endless animosity
In the laughter
Reflecting the thoughtless acts of love
...or hate
