"I Touch Roses"

If you think I'm magical
'Cause roses bloom with my touch
That's mathematical
I think you think too much

I touch roses

If you try to talk with me
If you try to copy my
Pocket full of poses
You still can't touch my roses

I touch roses
I touch roses
I touch roses
I touch roses

If you think I'm magical
'Cause roses bloom with my touch
But magics just not practical
I think you think too much

I touch roses
I touch roses
I can touch roses
