I love love  
I love being in love  
I don't care what it does to me

Take these tattered boxes  
They used to hold your clothes  
Break them down  
Build them back up with your bones  
All you did was construct a mess  
You're good to me when only flesh  
You're a memory with nothing to show

When we would take trips  
We swore we'd never take pictures  
Pictures only prove you can't convince  
Now I wish those photographs  
Could convince you that what we had  
Would only turn out a negative

Well  
Well  
Well

If fingertips are relationships  
Then I could barely carry your weight  
If fingers are mistakes  
Don't use this one to point the blame  
Just sing  
Sing

I love love  
I love being in love  
I don't care what it does to me  
These pills are fine to pass the time  
'Til I find my new drug  
Then  
We'll take our chances  
We'll last a month  
We'll never speak again

How I love being in love

And don't pick up that line  
You're dressed to have a good time  
You don't need him, you need to be seen  
So someone else can treat you wrong  
So you my love can sing this song

I love love  
I love being in love  
I don't care what it does to me  
These pills are fine to pass the time  
'Til I find my new drug  
Then  
They'll take advantage  
I'll claim that's what I want

To be the new statistic

How I love  
How I love  
How I love being in love

Take these tattered boxes  
That used to hold your clothes  
Break them down  
Build them back up with your bones  
All you did was construct a mess  
You're dead to me if love is death  
You're a memory with nothing to show

WELL  
WELL  
WELL

If fingertips are relationships  
Then maybe I could use a break  
She smiles  
She points at me  
She says:  
Baby I love how you sing  
So just  
Sing

I love love  
I love being in love  
I don't care what it does to me

I love love  
I love being in love  
I don't care what it does to me

These pills are fine to pass the time

'Til I find my new drug  
Then  
We'll take our chances  
We'll rise above  
We'll last until the end

How I love  
How I love  
How I love being in love
