"Becoming Death"

You're nothing more than the unavailing scum that all
of us despise
Extract your fucking skin off to see the fear that your
body hides inside
Falsehood will follow forth leading you down the path
of eternal despair
I'll show you fucking fear
My surroundings are slowly becoming overthrown by
darkness
You try to show no fear towards my tyranny yet you
fear yourself
Fear my tyranny and nothing else
This is my tyranny
The weight of my power is on your shoulders
Your lives are in the palm of my hand
This is my tyranny
Look into my eyes
I'll make sure you're fucking dead
I've altered into the highest being yet your eyes still
cannot believe that
I control this tyranny
I am more than what I claim to be
I am everything
