I can't believe you're here with me,  
And now it seems my world's complete,  
And I never want this moment to end,  
I close my eyes and still I see ,  
My dreams become reality,  
And now I know how it feels to be..  
I pray so many nights that u would come my way,  
An angel from above to light my darkest day,  
I think it's time for you to heed these lines,  
'cause there's something I want to say

Chorus

I finally find what I've been looking for,  
And now you know I'm gonna love you more,  
Hold me tight because it's always been you,  
To think that you were always there,  
So be my friend and wipe away my tears,  
Now it's clear that it's always been you

Sometimes you don't expect best friends  
To become lovers in the end,  
Only god knows what the future will bring,  
So hold me close and don't let go,  
Because this is love boy don't you know...  
And we're gonna be together for eternity

I pray so many nights that you would come my way,  
An angel from above to light my darkest day,  
Love so strong you can't be wrong,  
It's with you that I belong.

Chorus

I finally find what I've been looking for,  
And now you know I'm gonna love you more,  
Hold me tight because it's always been you,  
To think that you were always there,  
So be my friend and wipe away my tears,  
Now it's clear that it's always been you

(this time) This time, we're gonna make sure it turns  
out alright,

I wanna be your everything,  
By your side, for the rest of my life

(this love) This love feels the way that love should be,  
Look in my eyes and realize there's no disguise  
'cause I'm in love with you...

Chorus x3 (fade)
