### Verse 1

I was standing in the corner of a crowded room  
Thinkin' bout you... (yea)  
Thinkin' bout ya smile and strange to know,  
Of how I fell in love so soon... (ooohh ohhh yeaaa...)  
Could this angel be sent to me  
To answer my dreams  
I try hard to hide what's deep inside,  
But it's killin' me...

### Chorus

Lovin' you is easy,  
When you say it from the heart.  
Like the stars in the sky,  
We will never part.  
From my body and soul,  
I just want you to know,  
If i'm breathin' then i'm lovin' you... (oooooh...)

### Verse 2

I can't believe in all this world with all there is.., you  
would choose me..  
You touched me once in a special way and now my life  
has changed,  
It'll never be the same (some things are meant for  
eternity)  
Your thee answer to what I've asked time and time  
again (time and time again)  
Still thoughts of that could cloud my mind,  
When I know it can end...

### Chorus

Lovin' you is easy,  
When you say it from the heart. (say it from the heart)  
Like the stars in the sky,  
We will never part. (never part)  
From my body and soul, (body and soul...)  
I just want you to know, (i want you to know)  
If i'm breathin' then i'm lovin' you... (yes i am...)

Candle lights sets the mood (shadows paint the walls

before me)  
As we embrace (I can't look up)  
Lose myself in love  
Deep precious love  
I finally found my heaven up above..... up  
above...ooo.....

Chorus  
Lovin' you is easy, (loving you)  
When you say it from the heart. (yeaa..)  
Like the stars in the sky, (like the stars in the sky....)  
We will never part.  
From my body and soul, (my body babe, my body  
babe...)  
I just want you to know, (I want you to know)  
If i'm breathin' then i'm lovin' you... (lovin' lovin' lovin'  
you....)

I was standing in the corner of a crowded room.....
