[Mike Shinoda]

Let's go! Yeah (Green Lantern)

Mike Shinoda, aiiyo Green

Tell 'em what the name of the mixtape is

("Fort Minor: We Major") Let's go!

Yeah, peep the style and the kids checkin for it  
The number one question is "How could you ignore it?"  
We drop right back in the cut  
The Evil Genius track and Mike's raps got you backin  
this up  
Like rewind that, just rollin with the rhythm  
Rise from the ashes of stylistic division  
With these non-stop, lyrics of life livin  
Not to be forgotten but still unforgivin  
But in the meantime there are those  
who wanna talk this and that, so I suppose  
Gets to a point, feelings gotta get hurt  
And get dirty with the people spreadin the dirt  
It's like

[Chorus: Chester Bennington - using voicebox]

Tried to give you warning but everyone ignores me  
{ "I told you niggaz nine or ten times to stop fuckin with  
me" - [Jay-Z] }

But nobody's listening

Called to you so clearly but you don't want to hear me  
{ "I told you niggaz nine or ten times to stop fuckin with  
me" - [Jay-Z] }

But nobody's listening

[Mike Shinoda]

I got a heart full of pain, head full of stress

Handful of anger held in my chest

And everything left's a waste of time

I hate my rhymes, but hate everyone else's more

I'm ridin on the back of this pressure

Guessin that it's better I can't keep myself together

Cause all of this stress gave me somethin to write on

Pain gave me somethin I could set my sights on

You never forget the blood, sweat and tears

The uphill struggle over years, the fear and  
Trash talkin and the people it was to  
Whattup to the Militia and the L.P.U., ha ha

[Chorus]

[Mike Shinoda (Chester Bennington)]  
We got a heart full of pain, head full of stress  
(nobody's listening)  
Handful of anger held in our chest (nobody's listening)  
Uphill struggle, blood, sweat and tears (nobody's  
listening)  
Y'all watch your back, Machine Shop is here!

[Green Lantern] "Fort Minor: We Major"

[sample of Kanye West's "We Major"]  
"C'mon homie we major; we MAJOR?!"  
C'mon homie we major; we major  
C'mon homie we major; we major, c'mon"

[Mike] Let's go!
