Yall are not, not, not Ready HO
Not not ready HO
We're gonna drop it steady so
Do it like that
Like that (like that)....

Now why is everybody so petrified?
WHAT?
Petrified?
WHAT?
Step aside.
And just drop that...
COME ON!
Drop that...
COME ON!
Drop that...
COME ON!
Drop that...
COME ON! [x2]

Yeah
How you doin' , y'all?
My name is Mike.
I'm fooling with the new shit
I'm doing it all night
I like what i do
I do what i like
I could quit and get it back like i'm riding a bike
Like stop...
...bring it back, bring it back

We got that balance keeping us on track
That ya get what ya move and quit, wit no slow
You stare like you don't care
But you do it though

I know
You really must be so lonely
Puffed up, lookin' tough, but so phony
You and your boys, you don't know me
You really wanna hold me show me, homie.

Lets get it over with for good
I got a friction addiction i wish you would
Machine Shop rockin' when we step inside
And we got everybody so petrified

Now why is everybody so petrified?

WHAT?

Petrified?

WHAT?

Step aside.

And just drop that...

COME ON!

Drop that...

COME ON!

Drop that...

COME ON!

Drop that...

COME ON!

Listen you are not ready

Like children in a building you can't stand steady

It must be the beat so heavy

Coz i panic attacks like a crack in the levy

Give you that Robert Plant

Dancing days are back

Feeling all in the track and in fact

For those knowing the name

I'm back with a brand new attack

Who can do it like that?

You really must be so lonely

Puffed up, lookin' tough, but so phony

You and your boys, you don't know me

You really wanna hold me show me, homie.

Tough talk doesn't mean a thing

Get over yourself you know when we're up in a scene

Its Machine Shop rockin' when we step inside

And we got everybody so petrified

Now why is everybody so petrified?

WHAT?

Petrified?

WHAT?

Step aside.

And just drop that...

COME ON!

Drop that...

COME ON!

Drop that...
COME ON!
Drop that...
COME ON!

Now why is everybody so petrified?
WHAT?
Petrified?
WHAT?
Step aside.
And just drop that...
COME ON!
Drop that...
COME ON!
Drop that...
COME ON!
Drop that...
COME ON!

Yall are not, not, not Ready HO

Do it like that
Like that (like that)...

Yall are not, not, not Ready HO
Not not ready HO
We're gonna drop it steady so
Do it like that
Like that (like that)...

Get UP

Now why is everybody so petrified?
