1st Verse:

Lately i've begun to feel im far away from you  
Where, where did our love go where's it gone?  
Last night while asleep I heard, you called another's  
name  
Now, you don't remember that at all

I want us to love you, I want it like it was  
But I can't run away, no I can't hide

Chorus:

Where do I have to go?  
To mend the broken heart that you, left when you, took  
ur love away  
I, don't ask for many things,  
Don't need the gold of kings,  
All I want is you

2nd Verse:

Sometimes when you're far away  
I feel you're far from me

Never know when if I am right or wrong  
So much has passed us, and so much else has  
changed  
Can we reclaim the time we lost?

I want us to love you, I want it like it was,  
But tell me how do I heal the pain of a broken heart

Repeat Chorus

3rd Verse:

I just want you to know  
That I love you, and I need you  
I don't want you to go no way (yeah)  
Stay right here  
Keep it right there  
(Whoa...Ooh)

Repeat Chorus

I don't ask for many things  
Don't need the gold of kings  
All i want...is you
