Staring through the windows of time
drying off the last tear of a lie
was it real or just a mirage
(love has its way...)
of making you blind
I stare deep into your heart and your soul
and I feel what any woman would want..
(why did I run..why did I hide)
Because the memories lead on and on

:: Bridge ::
and time goes on
the feelings stay strong
memories last away
with thunder and a rainstorm
tell me is this real
or just a mirage

:: chorus ::
I ask myself could this be love
(could this be love)
or just a fantasy
Could this be love
(could this be love)
or just a memory
of the two of us together
lifetime friends forever
you and me in unity
friendship and love

as we moved our separate ways
(that day...)
tears ran down my face
and I asked myself
was I just too weak to face the truth
that love is what I have for you
you're someone special deep down inside
your love is true
why did I hide
(why did I run)
why did I run
(why did I hide)

because the memories lead on and on

:: Bridge ::

and time goes on
the feelings stay strong
this word called love
are you the one that i want
tell me is this real
or just a mirage

:: chorus ::

I ask myself could this be love
(could this be love)
or just a fantasy
Could this be love
(could this be love)
or just a memory
of the two of us together
lifetime friends forever
you and me in unity
friendship and love

could this be lovex4
i wanna know
could this be lovex4
of the two of us together
lifetime friends forever
:: fade ::
