when i think of all
all of the times we shared
(just you and i)
it makes my heart feel so warm inside
(just thinking of you)
we've been through the thick and thin
you were always by my side
and no matter what steps in the way
i know that we will survive
chorus
that's why i wanna give my love
all my love to you
(to you)
nobody else but you
i just wanna give my love
all of my love to you
(to you)
chorus
when i think about you're the one for me
(and my man you were there)
and i want to spend
all of my life with you
(it's really quite clear)
no one else can make me feel
the way i feel when i'm with you
cause when i'm in your arms
feels like a dream come true
chorus
that's why i wanna give my love
all my love to you
(to you)
nobody else but you
i just wanna give my love
all of my love to you
(to you)
nobody else but you
chorus
no one else can show me another way you do
a love so special and true
(ooh yeah)
that's the reason why i wanna spend my life
through the good and bad i wanna spend it with you

i just wanna give my love
all of my love to you
yeah, i just wanna give my love
all of my love to you
oh yeah, oh yeah, oh yeah
to you.....
