Put your life upon a shelf  
For another day  
Far away from everything  
What would they say

Somethin' simple, somethin' strange  
Is he gone for good again  
And why'd he act this way

And could you ever see  
It's a long way down  
And could you ever find a way  
Just to see you there  
Try to understand me now  
It's a lot of time to waste

Could you ever see yourself  
In another place  
Far away from everything  
What a perfect space

Nothin' ever, nothin' same  
But I know where you come from  
To find yourself again

And could you ever see  
It's a long way down  
And could you ever find a way  
Just to see you there  
Try to understand me now  
It's a lot of time to waste

I don't wanna know  
It's a long way down  
Ooh, ooh

Could you ever see yourself?  
In another place  
Far away from everything

And could you ever see  
It's a long way down

And could you ever find a way  
Just to see you there  
Try to understand me now  
It's a lot of time to waste

(It's a lot of time)  
It's a lot of time to waste  
(It's a lot of time)  
It's a lot of time to waste
