"Monster"

One time in my life
I lost myself
And you were there by my side
I needed you there
But I didn't know
What I become

Inside, I am a monster
Inside, I'm a disaster
Inside, it's getting colder
But I won't go
Until I say goodbye...

I just couldn't see
All the hidden tears
That you kept crying for me
Now I want you back
But you can't see
How you believe

Inside, I am a monster
Inside, I'm a disaster
Inside, it's getting colder
But I won't go
Until I say goodbye, goodbye, goodbye...

Inside, I am a monster
Inside, I'm a disaster
Inside, I'm still a monster
But I won't go this way
No I won't go this way...
