Have you seen that girl
With the strange look on her face?
She's a pretty little thing but she's lost
Lost in space

She's in another world
Yeah, she's off in a distant place
She's a pretty little thing but she's lost

Yeah, she's lost in space
Yeah, she's lost in space

And I can't understand a word she says
And I don't know why she's such a mess
And I can't get through, no matter what I do
But I love her anyway

And she walks the earth
But she's not from the human race
She's a pretty little thing but she's lost

Yeah, she's lost in space
Yeah, she's lost in space

And I can't understand a word she says
And I don't know why she's such a mess
And I can't get through no matter what I do
But I love her anyway

I'd try to talk to her
But it seems like such a waste
'Cause she's a pretty little thing but she's lost

Yeah, she's lost in space
Yeah, she's lost in space
Yeah, she's lost in space
Yeah, she's
