This Better Be Good
By Fountains of Wayne

I saw you holding hands
With some guy wearing light blue Dockers pants
And I thought that I might just give you a chance to
explain
What the hell is in your brain?
You know you pretend you're going to Seabright for the
long weekend
but something don't seem right
And your best friend Renee keeps on saying she saw
you at the Gap with somebody in a baseball cap and
you know

This better be good
This better be good
Yeah, this better be good now baby
'Cause you sure don't act like you should
This better be good, good

I thought you could be trusted but I guess you confess
but you're totally busted
'Cause I swear you were sharing a hot dog with
mustard after work with that same old polyester shirt
and you know

This better be good
This better be good
Yeah, this better be good now baby
'Cause you sure don't act like you should
This better be good, good

I know you'll deny it but don't even try it
You're half baked alibi is so full of holes
I think you might want to stop in at the Donut shop
Pay by dying? I sure won't

This better be good
This better be good
This better be good
This better be good

This better be good
This better be good
This better be good, good
