Fountains Of Wayne
"You Curse At Girls"

They say you curse at girls
Don't you know it isn't right
You could get yourself in trouble

You've been living in a different world
Looking for another fight
Sifting through emotional rubble

Hey boy, don't you get it
One day, you're gonna regret it when she's gone
Hey boy, you can bet it
You'll be blue
Each time you curse at girls
You curse a little at yourself
Don't you know a girl gets angry

Hey boy, don't you get it
One day, you're gonna regret it when she's gone
Hey boy, you can bet it
You'll be blue

They say you curse at girls
Don't you know it isn't right
