You said you loved me
And you turned & walked away
What'd you think I'm supposed to do
What'd you think I'm supposed to say
You talk about me & you
Play me as a fool
Y'know it's really kind of sad
That you broke my golden rule
I thought I told you once
I guess that just won't do
Y'know it's really such a shame
That I have to stay away from you
Hey Man! What you tryin' to prove
Maybe! It might come back on you
That won't make it right
That won't make it right
All those things that you used to do
I could wish them back on you
That won't make it right
That won't make it right
I'm not tryin' to cause a fuss
I'm not tryin' to start a fight

I'm not quite sure just how
This really makes me feel
I guess your actions say
That to you it's no big deal
That's quite OK deep down
I'm learning to be strong
Because of you I've changed
I can make it on my own
I forgive you, I forgive you.
