Let the sun go down around us  
And another busy day is done  
Spread the night out like a blanket  
We can watch the moon shine on  
I hear music in the distance  
Oh, the sound of rhythm and blues  
Ooo red hot neons flashing  
Take me dancin, Ill get my dancing shoes  
.....take me out.

CHORUS:

Out on the town, this town - take me out  
Out on the town, tonight - baby take me  
Out on the town, this town  
Your towns alright, baby its alright  
This towns alright.

The boulevard is lined with lovers  
The cafes full of kissing fools  
Ooo, Im ready to go steady  
Into the night with you...you can take me out

CHORUS

My eyes are wide, wide open  
I couldnt sleep now if I tried  
Ill go anywhere youre going, baby  
As long as its out, baby take me out!

CHORUS
