(Chorus)

I love the sunshine of your smile
I love the laughter in your eyes
In every dream I dream of you
You are the one I idolise
Nobody thrills me like you do
You turn the grey skies into blue
For you always make my life worthwhile
With the sunshine of your smile

(Alan)

I love the sunshine of your smile
I love the laughter in your eyes
In every dream I dream of you

You are the one I idolise
Nobody thrills me like you do
You turn the grey skies into blue
For you always make my life worthwhile
With the sunshine of your smile

(Musical Break)

(First four lines whistled)

(Chorus)

Nobody thrills me like you do
You turn the grey skies into blue
For you always make my life worthwhile
With the sunshine of your smile
