Stones thrown  
Windows broken  
Tombstones have grown a family tree  
Around my feet  
Paint a picture  
Coloured red and blistered at the seams  
And you'll see me

Darker days  
That's what i love  
That's what i love

Blown to pieces  
Winter blooms and freezes down in me  
What does it mean?  
When i love the thunder as im going under  
The sea again  
It starts to fold and swallow

Darker days  
That's what i love  
That's what i love

That's what i love...
