I can't breathe in this air
To hear your footsteps go down the stairs
This romance needs a chance
I'm down on my knees

Beggars can't be choosers
I'll take what I can get
Second chance romance
All she said
"We're one breath closer to living"

Because we are invincible
And we've got all the time in the world
And this feels so right
Just slow down, keep moving along
We can lay with our eyes closed

This is just what we've been waiting for
I will pray for your sake
And the mistake you're about to make
I'll remember everything, the words that you said
Fingers on the trigger, pointed at my head
"One more breath closer" is all she said

"We're one more breath closer to living"
Because we are invincible
And we've got all the time in the world
And this feels so right
Just slow down, keep moving along
We can lay with our eyes closed
