She whispered the words that "I'll miss you"
Left the note outside the door,
Said I'll be back sometime before our hearts grow cold.
And this distance lies between us,
and there's no hands that can reach us,
Now I'm picking up your pieces,
I'm picking up your pieces,
And it never seemed this hard,
Never spent more than a day apart,
You can tell she's up to something,
You can tell she's up to something,
And this distance lies between us,
and there's no hands that can reach us,
Now I'm picking up your pieces,
I'm picking up your pieces,
She found Love,
out west.
He had everything,
it wasn't me
She found love in California
She found love in California
Now I'm destined to start over,
And I'm destine to start a new,
Cause, I put everything in you,
I had everything in you.
after all those words you said to me,
So much left to say sorry,
I'll be the one to let you go,
I'll be the one to let you go.
And it never seemed this hard,
Never spent more than a day apart,
You can tell she's up to something.
You can tell she's up to something.
She found love out west.
He had everything he wasn't me.
She found love in California,
She found love in California,
Now I'm destined to start over,
And I'm destine to start a new,
Cause I had everything in you,

I had everything in you.

So just tell me how your feeling,
If your feelings are so true.
Just tell me that you love me,
Tell me that you love me.
Tell me how your feeling if your feeling are so true.
Just tell me that you love me and I'll say it back to you.
Yeah, I'll say it back to you.
And she found love out west,
(These days belong to us)
(These days belong to us)
He had everything that wasn't me.
She found love out west.
(These days belong to us)
She found love in California.
(These days belong to us.)
She found love in California.
She found love out west.
(These days belong to us)
These days belong to us
These days belong to us
These days belong to us
These days belong to us
She found love out west.
(These days belong to us)
He had everything that didn't belong to me.
(These days belong to us)
She found love in California.
She found love in California.
(These days belong to us)
Now I'm destand to start over,
I put everything in you.
(These days belong to us)
