stand on this emptiness
and lead you from harm
with the world over your shoulders
it weighs like a storm
that thunders through every night
and drowns out the sounds of life 'til morning...
but then creeps back

i've known this one last wish
could keep you from dark
but the world's over your shoulders
and weighs like a storm
that thunders through every night
and drowns out the sounds of life 'til morning...
but then creeps back

i never wanted something that could make you want to
change
i never wanted someone that would change
why?

give me this one last kiss
then leave me alone
cause this world's over your shoulders
and weighs like a storm
that thunders through every night
and drowns out the sounds of life 'til morning...
and then creeps back

i never wanted something that could make you want to
change
i never wanted someone that would change
why?
