"I Could Have Danced All Night"

I could have danced all night, I could have danced all night

And still have danced some more

I could have spread my wings and done a thousand things

I've never done before

I'll never know what made it so exciting

But all at once my heart took flight

I only know, when she began to dance with me

I could have danced, danced, danced, all night, all night

I'll never know what made it so exciting

Well all at once my heart took flight

I only know, when she began to dance with me

I could have danced, danced, danced, all night, all night

All night, all night
