I've been up since three in the morning  
and I'm wearing down  
she's had me chasing my tail for days,  
running around this goddamn town  
trying so hard to pick up the pieces  
find the creases  
hang them out to dry  
but now my fingers are split and bleeding  
so while my callous peeling  
you'll get to help me

fly about  
I'm no cavalier without  
over time I've seen a lot of things  
I'm not that proud to talk about

[Chorus:]  
call out my name  
to save the day  
believe me when I tell you I don't feel like I'm okay  
not that I'd even want to  
one step out of line is still one step in the right direction  
so make the connection it's saved me too

I've been hearing some things over this past year  
and it's making me fucking sick

I'm proud to say I'm better off that way  
I'm looking forward towards tomorrow  
while you're looking back upon today

It's not something to cry about  
I'm so cavalier without  
over time I've seen a lot of things  
I'm not that proud to talk about

[Chorus]

I'm proud to say I'm better off that way  
(sing it out just a little louder, sing it out til the walls  
begin to shake)

I'm looking forward towards tomorrow  
while you're looking back upon today  
(sing it out just a little louder, sing it out til your lungs  
begin to ache)  
I'm proud to say I'm better off that way  
(sing it out just a little louder)
