The face of another day  
Searching of the voice of a better way  
They say that it's a bad time of year to be up in arms  
So we're pushing on because we know in our hearts

It's the only way  
To stay afloat with the sharks at bay  
Avoid being a casualty of the circumstances  
And second chances are shredded day by day

Will your legs fail you  
When you stand too straight and tall?  
'Cause the world's gone mad  
The taller you are, the harder you fall

Sail up into the night sky until our worlds collide  
Tonight we feel alive  
Stand up where I can see you, no reason left to hide  
Tonight, we feel alive

You asked, what would I stand for  
Truth is, I stand for this  
It's passion perfected fashion neglected  
A natural infection of all we have seen

It's the only way  
Since we discovered we had a say  
Found that the world's not as cold and gray  
As our circumstances  
And second chances, living out the days

Will your legs fail you  
When you stand too straight and tall?  
'Cause the world's gone mad  
The taller you are, the harder you fall  
I won't stand for this

Sail up into the night sky until our worlds collide  
Tonight we feel alive  
Stand up where I can see you, no reason left to hide  
Tonight we feel alive  
Tonight, tonight, tonight

Stand up where I can see you  
No reason left to hide  
It's the only way, it's the only way

Tonight we feel alive  
It's the only way, it's the only way  
Tonight, tonight, tonight

Will your legs fail you  
When you stand too straight and tall?  
'Cause the world's gone mad  
The taller you are, the harder you fall

Sail up into the night sky until our worlds collide  
Tonight we feel alive  
Stand up where I can see you, no reason left to hide  
Tonight we feel alive

Tonight we feel alive  
Tonight, tonight, tonight
