Sometimes it's hard to say the right thing
The right way on the hardest day of your life
Breathe in, breathe out, it'll be okay
Breathe in, breathe out, [Incomprehensible]

And every year, November gets closer
And every year it gets a little bit colder
Breathe in, breathe out, it'll be okay
Be strong, hold on, make it through the day

One step at a time, one foot in front of the other
I'm gonna get through this one way or another
'Cause I know it's warmer where you are
'Cause no matter how far the view I still always look up
to you

Sometimes it takes a second to sink in
That your life is never gonna be the same again
Breathe in, breathe out, it'll be okay
Breathe in, they say the pain will fade away

And every year November gets closer
And every year it gets a little bit colder
Breathe in, breathe out it'll be okay
Be strong, hold on, make it through the day

One step at a time, one foot in front of the other
I'm gonna get through this one way or another
'Cause I know it's warmer where you are
'Cause no matter how far the view I still always look up
to you

I'll never forget the day that my heart fell from my
chest
It was the moment that I said goodbye and I laid your
body to rest
I'll never take this life for granted, I'm living it for two
'Cause you're always the one who sang the songs
And I'm singing this one for you

One step at a time, one foot in front of the other
I'm gonna get through this one way or another

'Cause I know it's warmer where you are
'Cause no matter how far the view I still always look up
to you
I'll always look up to you
