World is what it is what it is now  
Word is what it is what it is  
JAH world is what is what it is now  
JAH world is what it is now  
JAH world JAH world JAH world  
Running with the changes  
That's how it's been  
I gone to the west  
But i can't find no peace  
Juggling survivals to make ends meet  
Aint no beggars down here  
Captives must be free  
(chorus)  
More buyers than sellers  
Underneath the stars and sun  
You can't find no justice  
There'll be no peace in this town  
You fight against creation

Then you bound to lose  
Fight against JAH JAH my people  
You a go get defeated  
And everybody knows that change is gonna come  
Just like everybody knows that the table was about to  
turn  
And everybody knows that money can buy no love  
Something everybody knows everybody knows  
(chorus)  
Bubbling bubbling bubbling  
Bubbling when i hear the word  
My soul is feel free my soul  
In the heart of ini JAH got his residency  
So all his people they got to be free
