Bleeding me
though my heart is dry
This knife is a symbol
the dark side of night

Killer's on the run
with a halo of lies (flies?)
Raising the hell within us
as the angels fly

There's a rain tonight
falling from the sky
There's a liar's moon tonight,
the dark side of night

The secret chasm

hole in my heart
Fire's raging on us
burning like a scar

Made of flesh and blood
My soul's made of stone
My flame is burning out now
Darkness (nightmares?) alone

There's a rain tonight
Falling from the sky
There's a liar's moon tonight
The dark side of night
