I knew a girl name tanesha from the bronx  
Grew up in castle hill with two nieces and her aunt  
Her moms and her sister, everyday and night moms  
Tucked her in and kissed her hugging her tight singing  
this song

(AWW MY LITTLE GIRL)

She was born on october 22, right down in houston  
texas  
From two parents living reckless  
The day she was born the doctor covered her warm  
Placed her in her mothers arms, tears rang out while  
moms sing out

(AWW MY LITTLE GIRL)

When she was three moved to n.y.c.  
Pops got sent up north did a one to three stretch  
Moms all alone struggling for paper  
Her daughters can't eat had to borrow from they  
neighbors

(AWW MY LITTLE GIRL)

Age five life lop side that's when her pops died  
And moms crying, still trying all alone in this world  
No money and two girls of course  
The sad reality of a black girl lost and singing

(AWW MY LITTLE GIRL)

Age twelve she think she's a grown woman  
Now she in the streets late nights on her own mission  
I met her summer '08 front of her aunt's building  
Her moms looking out the window telling her to get in,  
screaming out

(AWW MY LITTLE GIRL)

13th birthday here come the problem  
Nesha fell for some kid name phillip from harlem  
Introduce him to moms her moms ain't like him  
So she ran away from home her and her moms kept  
fighting moms singing

(AWW MY LITTLE GIRL)

Thirteen still a youngin' out on her own  
On the streets dummin' out of her zone  
Choose man over her mother left out of her home  
In the back of her mind she still hear her mom cryin'  
singing

(AWW MY LITTLE GIRL)

Fourteen still hustling nesha got pregnant

Phillip found out that's when relationship ended  
Ain't it sad cause the dude knew that he trapped her  
She can't leave tangle in his rapture.

(AWW MY LITTLE GIRL)

Late night nesha slept in the lobby  
Either pitch for somebody or, tricking her body  
Back to hustling her face got slit in a robbery  
In the hospital all she can think of was mommy  
screaming

(AWW MY LITTLE GIRL)

Now it's nesha and her baby tara  
She sworn to raise her baby proper and show the way  
One day look at her daughter saw her splitting image  
Seen herself through her child, she cried watching her  
smile singing

(AWW MY LITTLE GIRL)

Fifth-teen year old dope fiend, part-time mom  
Use the money in stash from her part-time job  
See her child-hood days was gone she realize living  
was hard  
Late night singing her song and saying

(AWW MY LITTLE GIRL)

What could she do? no place to sleep, no food to eat  
She wanna go home and leave this alone  
Bumped into her mom laraine on edgecomb  
Moms hugged her and embraced her thank god that  
he saved her.

(AWW MY LITTLE GIRL)

Late night on february 9th  
Nesha trippin' in her sleep can't make it through the  
night  
Asking god to come take her from this life  
And forgive her for her sins and the taking of her life  
screaming

(AWW MY LITTLE GIRL)

She can't take it now ran into the kitchen

Grabbed a knife; on the edge her bed constipating how  
She could replace her life from all this pain  
So she slit her daughters throat.....
