I'm kinda sick of losing
It makes me wanna cry
It seems everything in life I try for
I'll never get before I die

But what's the point in moaning
Going to leave that for the ghosts
It's better to think it through
Find the words that bring you hope

Oh hope, I need you

Life is a bitch but she's totally doable
She'll knock you around and she'll lend you a hand
Life is a bitch but she's totally doable
She may be a beauty but life, life is a bitch

So how do I stop the spinning
I'm in need of more air
I'm dizzy from everyone around me winning
It just doesn't seem to be very fair

But I'll keep looking for the bright side
In the darkest hour of night
Keep an open eye to the sky
Try to find all my lost faith, yeah

Oh faith, I need you

Life is a bitch but she's totally doable
She'll knock you around and she'll lend you a hand
Life is a bitch but she's totally, totally doable
She may be a beauty but life, life is a bitch

Bye bye symphony, you were the soundtrack to my life
Bye bye symphony, there are no sad songs left to write
Bye bye symphony, the tears have wept down gone
and dried
Bye bye symphony, the court you've paid have finally
died

Life is a bitch but she's totally doable
She'll knock you around and she'll lend you a hand
Life is a bitch but she's totally doable
She'll tell you her story but never, never the end
