You coward, I can feel you making eyes in my
reflection
I know what you're thinking, just say it, you don't like
me
It's a fact that I'm a dad, it makes you mad the dreams
I had
But I can't help it, I can't help myself

You can connect me
You are the one, you hold me in my place
You can connect me
You are the one, you hold me in my place

You're unfair, you got a family that has needs, no
dedication
If I were there for you, well then my dreams, they don't
come true
If I was there for them, I'll lose my family and my
friends
What do I do, I can't help myself

You can connect me
You are the one, you hold me in my place
You can connect me
You are the one, you hold me in my place

You take away the space between the two of us apart
You take away the disconnect to them guts
Heart to heart, heart to heart, yeah

You can connect me
You are the one, you hold me in my place
You can connect me
You are the one, you hold me in my place

You can connect me
You are the one that holds me in my place
You can connect me
You are the one that holds me in my, holds me in my
place
