### "We're On Fire"

(feat. Mavado)

Number one baby  
Black Hand, Mavado, gangsta  
Ayo, I gotta do this with my stylin' voice  
Ayo

See it's the Louboutin leather pump Don Diva  
Get my Kevin Chiles on call me Don Diva  
I'm in the Zac Posen, strapless with the back open  
Back locking tossing petals off of Black Roses

This is more gutta, this is more crack  
And I ain't change, I been the same bitch before rap  
The only thing that changed is my ass got more fat  
But my titties been crazy baby

You ain't gotta ask who back, you soft bitch move back  
Had BK on my back, even Shawn couldn't do that  
I cruise all slow in the S-Class down Classen  
Pullin' up in traffic on Nostrand and Patchin'

I took six years off, I let 'em have rap  
And y'all bitches played with it, I came to snatch it back  
then  
Put it back on the project bench  
And made every gangsta nigga want a dark-skinned  
bitch

We're on fire, we ain't stoppin'  
'Cuz I really, really wanna know what's happenin'  
We're on fire, we ain't stoppin'  
Since a chick want a nigga and a clubbin'

We're on fire, we ain't stoppin'  
'Cuz I really, really wanna know what's happenin'  
Makin' paper, money stashin'  
Since I really, really wanna know what's happenin'

So wanna bloodclaut this man, bad gal 'bout here  
Drips out the pussy them na friend gal 'bout here

Bitch now the body sting round here  
Big star body, kill off every dirty gal roll near

Bitch bust a shot and fiya  
Two shots fiya, fiya, put the pussy pon fiya  
Yes Iya, dress fliya, hoppin' out the Bentley coupe  
On Flatbush and Empire

Y'all rap bitches, I will ruin 'em  
My reps for the boostin' bitches with them bags full of  
aluminum  
One love to Tu and them, Clyde, Shyne and Shoe and  
them  
Chaz, Prince and Graff the whole fuckin' crew and them

Can't forget Scruce and them, Shabar and Dew and  
them  
Kev, Wedge, Draft and BIG I ate food with them  
Y'all know Fox run the block bitches  
It's the Fox bitches, for the bloodclaut bitches, murdah

We're on fire, we ain't stoppin'  
'Cuz I really, really wanna know what's happenin'  
We're on fire, we ain't stoppin'  
Since a chick want a nigga and a clubbin'

We're on fire, we ain't stoppin'  
'Cuz I really, really wanna know what's happenin'  
Makin' paper, money stashin'  
Since I really, really wanna know what's happenin'

We're makin' cheese, slowly with ease  
With small fuck these easily from the G?z  
The goons from the land of kings  
Her breasts me squeeze all night, she make me  
pleased

You want promote the gangsta life and hustle  
Now my girls approach you and know boy can't bust  
with  
And now it's all fine and they all come sit  
We're not goin' nowhere, don't fuck with this

Yes, Fox I'm back baby and I'm still with the hand still  
Still in the hood, nigga still on the block still  
Still in the Benz baby, still in the drop still  
I'm still in the chinchillas, still move wit them killas,  
woah

Besides that I got my hearing back  
The same attitude like what the fuck you staring at

Homie, my case is beat, I'm still spitting heat  
Who ya know rep it harder than me, Brooklyn

We're on fire, we ain't stoppin'  
'Cuz I really, really wanna know what's happenin'  
We're on fire, we ain't stoppin'  
Since a chick want a nigga and a clubbin'

We're on fire, we ain't stoppin'  
'Cuz I really, really wanna know what's happenin'  
Makin' paper, money stashin'  
Since I really, really wanna know what's happenin'
